

Procedure: 3.4.1p5. (II. D. 5a.)

Clery Act Compliance

Revised: November 16, 2020; July 23, 2018; and January 17, 2017.

Last Reviewed: September 15, 2022; November 16, 2020; July 23, 2018; January 17, 2017; and October 14, 2016.

Adopted: November 7, 2013.

I. PURPOSE:

Several processes are included to support security efforts in the TCSG Technical Colleges and work units. These processes include but are not limited to reporting to the U.S. Department of Education regarding the Annual Security Report (ASR) or Annual Security and/or Fire Safety Report (ASFSR) (frequently referred to as the “Clery Report”) and maintaining appropriate emergency response notifications with processes associated with the safety and security of student housing.

II. RELATED AUTHORITY: N/A

III. APPLICABILITY:

All Technical Colleges are associated with the Technical College System of Georgia.

IV. DEFINITIONS:

Clery Act: The *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* or *Clery Act* is a federal statute codified at 20 U.S.C. § 1092(f), implementing regulations in the U.S. Code of Federal Regulations at 34 C.F.R. 668.46. The *Clery Act* requires all colleges and universities participating in federal Title IV student financial assistance programs to keep and disclose information about crime on and near their respective campuses.

Campus Security Authority (CSA): A CSA is any of the following four groups of individuals and organizations associated with a college: campus police department or a campus security department of a college; any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into college property); any individual or organization specified in a college’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses; an official of a college who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and the duty to act or respond to particular issues on behalf of the college.

Contiguous (Reasonably): Contiguous refers to a building or property owned or controlled at a location that the Technical College or students consider to be, and treat as, an integral part of the central or core campus; and is covered by the same security policies as the campus. This concept must meet all three criteria: owned by the college but not control

led, frequently used by the college's students, and used to support the college's educational purposes.

Controlled by College: A building, property, or a portion of a building or property directly or indirectly rented or leased by the college, even if no payment is involved in the transactions. Note that any type of written agreement (including an informal one, such as a letter or an e-mail) for the use of a building or property or a portion of a building or property by the college will result in control by the college.

Directly Support College's Educational Purposes: The function of a building or property that directly supports or relates to the institution's educational purposes. Examples include, but are not limited to, residence halls, classrooms, labs, and administrative buildings.

Crime Statistics: Four general categories of crime statistics required to be gathered and reported by the *Clergy Act* include criminal offenses, hate crimes, VAWA offenses, and arrests and referrals for disciplinary action.

On-campus Geography: Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

On-campus Housing Facility: Any student housing facility owned or controlled by the college or is located on property owned or controlled by the college, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility.

Non-campus Geography: Non-campus designation refers to any building or property owned or controlled by a student organization that the institution officially recognizes; or any building or property owned or controlled by an institution that is used in direct support of or concerning the college's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Public Property: All property, including thoroughfares, streets, sidewalks, and parking facilities, is within the campus or immediately adjacent to and accessible from the campus. Examples include but are not limited to a public road or bike path running through the campus and public sidewalks that border the campus, the public street along the sidewalk, and the public sidewalk on the other side of the street.

Separate Campus: A property or building owned or controlled by the Technical College that is not reasonably geographically contiguous with the main campus; that has an organized program of study and at least one person assigned in an administrative capacity. Each separate campus must comply independently with the *Clergy Act* and the fire- and safety-related HEA requirements, including publishing its annual security report. The Technical College may publish and distribute a single annual security report to students and employees as long as it differentiates each campus's policies and statistics.

V. ATTACHMENTS:

- 3.4.1p5.a1. – *Clery* Reporting Information
- 3.4.1p5.a2. – *Clery Act* Compliance Checklist: Colleges without Housing
- 3.4.1p5.a3. – *Clery Act* Compliance Checklist: Colleges with Housing

- 3.4.1p5.a5. – Security Resources

VI. PROCEDURE:

- A. The President is directly responsible for implementing this procedure and shall provide sufficient resources, personnel, and administrative support to accomplish this end.
- B. Technical Colleges shall collect, classify, and count crime reports and crime statistics categorized by the US Department of Education, including:
 - 1. Criminal offenses include:
 - a. Criminal Homicide includes Murder; Non-Negligent Manslaughter, and Negligent Manslaughter.
 - b. Sex Offenses including Forcible and Non-Forcible; Fondling; Incest; and Statutory Rape.
 - c. Robbery.
 - d. Aggravated Assault.
 - e. Burglary.
 - f. Motor Vehicle Theft.
 - g. Arson.
 - 2. Hate crimes which include any of the criminal offenses in the categories mentioned above; as well as any incidents of Larceny-Theft, Simple Assault, Intimidation, or Destruction/Damage/Vandalism of Property that were motivated by bias; and Forcible or Nonforcible Sex Offenses; Robbery; Aggravated Assault; Burglary; Motor Vehicle Theft; and Arson.
 - 3. Arrests and referrals for Disciplinary Action for Weapons include the following: carrying, possessing, etc., as well as drug abuse violations and liquor law violations.
 - 4. VAWA offenses include dating violence, domestic violence, and stalking violence. (Note that Sexual Assault is also considered a VAWA offense but is included in the Criminal Offenses category for *Clery Act* reporting purposes.)
- C. Technical Colleges shall provide an Annual Security Report (ASR) or Annual Security and Fire Safety Report (ASFSR) to the TCSG System Office for review by August 1 and submit it in the Web-based data collection process to the U.S. Department of Education by October 1 of each calendar year.
- D. Technical Colleges shall publish an Annual Security Report (ASR) or Annual Security and Fire Safety Report (ASFSR) containing safety- and security-related policy statements and crime statistics and distribute it to all current students and employees. Schools must also inform prospective students and employees about the report's availability.
- E. Technical Colleges shall disclose crime statistics for incidents on campus(es), in open public areas immediately adjacent to or running through the campus, and at certain non-campus facilities. The statistics must be gathered from campus police or security, local law enforcement, and other school officials who have "significant responsibility for student and campus activities."

- F. Technical Colleges shall issue campus alerts to include timely warnings about *Clery Act* crimes that pose a serious or continuing threat to the safety of students and/or employees, as well as emergency notifications upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.
- G. Technical Colleges shall devise an emergency response, notification, and testing policy to inform the college community about significant emergencies or dangerous situations involving an immediate threat to the health and safety of students and/or employees on campus.
- H. Technical Colleges shall provide educational programs and campaigns to promote awareness of dating violence, domestic violence, sexual assault, and stalking.
- I. Technical Colleges shall have procedures for institutional disciplinary action in cases of dating violence, domestic violence, sexual assault, and stalking.
- J. Technical Colleges with on-campus housing shall keep a fire log that is open to public inspection; publish an annual fire safety report containing policy statements as well as fire statistics associated with each on-campus student housing facility, including the number of fires, cause of fires, injuries, deaths and property damage; inform prospective students and employees about the availability of the report, and compile and submit fire statistics to the US Department of Education in the Annual Security and Fire Safety Report (ASFSR) in the Web-based data collection process by October 1.
- K. Technical Colleges with on-campus housing shall enact policies and procedures to address reports of missing students and must disclose the missing student notification procedures that pertain to students residing in those facilities.
- L. Technical Colleges with a police or security department are required to maintain a daily crime log documenting the nature, date, time, and general location of each crime and its disposition, if known, of alleged criminal incidents. The daily crime log shall be open to the public for inspection.
- M. Technical Colleges shall submit a monthly report of weapons-related incidents and sex offenses to the System Office.

VII. RECORD RETENTION:

Annual Security Reports (or Annual Security and Fire Safety Reports) must be retained for seven (7) years.

Clery Reporting Information

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)), hereafter referred to as "the Clery Act," requires colleges and universities to disclose information about crime on and around their campuses. The law is tied to an institution's participation in federal student financial aid programs, and it applies to most institutions of higher education, both public and private. The United States Department of Education enforces the Clery Act.

The law was amended in 1992 to add a requirement that Technical Colleges afforded the victims of campus sexual assault certain fundamental rights and was amended again in 1998 to expand the reporting requirements. The 1998 amendments also formally named the law in memory of Jeanne Clery. Subsequent amendments in 2000 and 2008 added provisions dealing with registered sex offender notification and campus emergency response. The 2008 amendments also added a provision to protect crime victims, "whistleblowers", and others from retaliation.

In addition, the Violence Against Women Reauthorization Act (VAWA) of 2013 imposes new obligations on colleges and universities under its Campus Sexual Violence Act (SaVE Act), effective March 7, 2014. The SaVE Act provision, which amends the campus crime provisions of the Higher Education Act, expands the information colleges must incorporate into their annual crime reports to include acts of domestic violence, dating violence, and stalking. Technical Colleges must review and modify policies and procedures for handling asserted sexual offenses and carefully train personnel in this area.

The Clery Act requires that colleges:

- N.** Publish and submit to federal authorities an Annual Security Report (ASR) by October 1, documenting three calendar years of select campus crime statistics, including security policies and procedures and information on the fundamental rights guaranteed to victims of sexual assault. The law requires Technical Colleges to make the report available to all current students and employees, and prospective students and employees must be notified of its existence and given a copy upon request. Technical Colleges may comply with this requirement via the internet if required recipients are notified and provided exact information regarding the online location of the report. In addition, paper copies of the ASR should be available upon request. Finally, the U.S. Department of Education must provide all crime statistics.
- O.** Keep a public crime log. Institutions with a police or security department must maintain a public crime log documenting the "nature, date, time, and general location of each crime" and its disposition, if known. Incidents must be entered into the log within two business days. The log should be accessible to the public during regular business hours, remain open for 60 days, and be available within two business days upon request.

- P.** Disclose crime statistics for incidents on campus, in open public areas immediately adjacent to or running through the campus, and at certain non-campus facilities, including Greek housing and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other Technical College officials who have "significant responsibility for student and campus activities." The Clery Act requires reporting of crimes in seven major categories, some with significant sub-categories and conditions:
1. Criminal Homicide
 - a. Murder & non-negligent manslaughter
 - b. Negligent manslaughter
 2. Sex Offenses
 - a. Forcible
 - b. Non-Forcible
 3. Robbery
 4. Aggravated Assault
 5. Burglary, where:
 - a. There is evidence of unlawful entry (trespass), which may be either forcible or not involve force.
 - b. Unlawful entry must be of a structure - having four walls, a roof, and a door.
 - c. Evidence shows that the entry was made to commit a felony or theft.
 6. Motor Vehicle Theft
 7. Arson

Technical Colleges are also required to report statistics for the following categories of arrests or referrals for campus disciplinary action (if an arrest was not made):

1. Liquor Law Violations
2. Drug Law Violations
3. Illegal Weapons Possession

Hate crimes must be reported by category of prejudice, including race, gender, religion, sexual orientation, ethnicity, and disability. Statistics are also required for four additional crime categories if the crime committed is classified as a hate crime:

1. Larceny/Theft
2. Simple Assault
3. Intimidation
4. Destruction/Damage/Vandalism of Property

Statistics are also required for violence against women.

- Q.** Issue timely warnings about Clery Act crimes that seriously or continuously threaten students and employees. Institutions must provide timely warnings in a manner likely to reach all members of the campus community. This mandate has been part of the Clery Act since its inception in 1990. Timely warnings are limited to those crimes an institution is required to report and include in its ASR. There are differences between what constitutes a

timely warning and an emergency notification; however, both systems are in place to safeguard students and campus employees.

- R.** Devise an emergency response, notification, and testing policy. Technical Colleges must inform the campus community about a "significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees on the campus." An emergency response expands the definition of timely warning by including Clery Act crimes and other types of emergencies (i.e., a fire or infectious disease outbreak). Technical Colleges with and without on-campus residential facilities must have emergency response and evacuation procedures. Institutions are mandated to disclose a summary of these procedures in their ASR. Additionally, compliance requires one test of the emergency response procedures annually and policies for publicizing those procedures in conjunction with the annual test.

- S.** Compile and report fire data to the federal government and publish an annual fire safety report. Similar to the ASR and the current crime log, institutions with on-campus housing must report fires that occur in on-campus housing, generate an annual fire report and maintain a fire log that is accessible to the public.

- T.** Enact policies and procedures to handle reports of missing students. This requirement is intended to minimize delays and confusion during the initial stages of a missing student investigation. Institutions must designate one or more positions or organizations to which reports of a student living in on-campus housing can be filed if it is believed that the student has been missing for 24 hours.

- U.** The Violence Against Women Reauthorization Act (VAWA) under its Campus Sexual Violence Act (SaVE Act) provision of 2013, effective March 7, 2014, requires that colleges:
 - 1.** Add domestic violence, dating violence, and stalking to the categories that must be reported under Clery if the incident was reported to a campus security authority or local police agency.
 - 2.** Add "national origin" and "gender identity" to the hate crime categories involving the intentional selection of a victim based on actual or perceived characteristics that must be reported under the Clery Act.
 - 3.** Concerning the "timely reports," the Clery Act mandates that victims' names be withheld for crimes considered a threat to other students and employees.
 - 4.** The institutional policy must also include information on:
 - a.** Victims' option, too or not to notify and seek assistance from law enforcement and campus authorities.
 - b.** Victims' rights and institutional responsibilities regarding judicial no-contact, restraining, and protective orders.
 - 5.** Adhere to VAWA standards for investigating and conducting student discipline proceedings in domestic violence, dating violence, sexual assault, and stalking cases.
 - 6.** New students and employees must be offered "primary prevention and awareness programs" that promote awareness of rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking.

College: _____

Date checked: _____

For statistical information, the Technical College is to use the Federal Bureau of Investigation’s Crime Definitions. Crimes shall be reported for the following locations:

1. On any Technical College campus
2. In dormitories or other on-campus residential facilities for students
3. In or on a non-campus building or property (any building or property owned or controlled by a student organization officially recognized by the school, or any building or property owned or controlled by the school that is not within the same reasonably contiguous geographic area of the school)
4. Public property within any Technical College campus or immediately adjacent to and accessible from the campus.

Requirement	Posting Requirements (no specific requirements required if blank)	Available and Current?
Statistics for the <u>most recent three calendar years</u> , including crimes reported to a Campus Security Authority or local law enforcement agencies: <ol style="list-style-type: none"> 1. murder and non-negligent manslaughter 2. negligent manslaughter 3. forcible and non-forcible sex offenses 4. robbery 5. aggravated assault 6. burglary 7. motor vehicle theft 8. arson 		
For the crimes listed above <u>and</u> for crimes of larceny-theft, simple assault, intimidation, destruction, damage, or vandalism of property, and any other crimes reported to a campus security authority or to local police agencies		

involving bodily injury to any person in which the <u>victim was intentionally selected because of the victim's actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability</u> . These data are to be reported according to the category of prejudice.		
Arrests and persons referred for campus disciplinary action for liquor law violations, drug law violations, and illegal weapons possession.		
By October 1 each year, schools must distribute this security report or a notice of the report to all current students and employees.	If the school distributes the report by posting it on the school's website, the school must provide notice by October 1 that includes a statement of the report's availability, the exact electronic address, a brief description of the report's contents, and a statement that the school will provide a paper copy upon request.	
The school must provide a notice to prospective students and employees that includes a statement of the report's availability, a description of its contents, and an opportunity to request a copy.	If the report is posted on a website, the notice must include the exact electronic address and a statement that the school will provide a paper copy of the report upon request.	
The Report Must include Campus Policies:		
(1) for reporting criminal actions and emergencies		
(2) for responding to reports of criminal actions/emergencies		
(3) for making timely warning reports		
(4) for preparing annual disclosure of crime statistics		
(5) regarding security and access to campus facilities		
(6) security considerations used in the maintenance of campus facilities		
(7) titles of persons on campus who should receive reports of criminal offenses		

(8) whether there are policies regarding confidential crime reporting to include in statistics. If so, description of the policies		
(9) state law enforcement authority of campus security and relationship with state and local law enforcement agencies		
(10) policy encouraging accurate and prompt reporting of crimes		
(11) policies, if any, that encourage reporting of confidential crime reporting by professional counselors/pastoral counselors to include in statistics		
(12) type and frequency of programs to inform students and employees about campus security practices and encourage responsibility for own security and security of others		
(13) programs to inform students and employees about the prevention of crimes		
(14) policy regarding possession, use, and sale of alcohol and enforcement of under-age drinking laws		
(15) policy regarding the possession, use, and sale of alcoholic beverages and enforcement of federal and state drug laws		
(16) description of drug or alcohol abuse education programs		
(17) statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained		
(18) policy regarding campus sexual assault prevention programs and the procedures to be followed once a sex offense has occurred		

(19) missing student notification policies and procedures		
(20) policies regarding emergency response and evacuation procedures
