Unduplicated count of companies that received customized contract training (CCT) from the college during the fiscal year. CCT is training in which one or more companies request and pay for, or arrange for payment of, the training of their employees. Courses may include customized or standard curricula, depending on the type of training requested by the company. Generally, a college establishes a contractual relationship with the company prior to providing CCT. Colleges self-report quarterly data in TCSG's Economic Development Data Entry Application.
