It is my great pleasure to welcome you to the 2022 Outstanding Adult Education Teacher of the Year Recognition Ceremony! We are here today to celebrate those individuals who help Georgia's adults learn the skills needed to build a bridge to a better future. Whether through High School Equivalency (HSE) preparation and testing, adult literacy programs, English as a Second Language instruction, civics education, family literacy programs, or workforce training, the Office of Adult Education is helping tens of thousands of Georgians achieve their dreams.

As Commissioner of the Technical College System of Georgia, I have witnessed the significant impact that Adult Education instructors have on the lives of our students. On a daily basis, they inspire and support adult learners to achieve goals and move into meaningful career pathways. It is an honor to celebrate instructional excellence within our 30 Adult Education programs across the state. On behalf of TCSG, I personally thank each nominee for the tremendous job that you do to ensure that we are providing opportunities for all Georgians to participate in a skilled workforce and earn a family sustaining wage. Congratulations to you and thank you for the work that you do for your students, your community, and for Georgia!

Sincerely,

Gregory C. Dozier  
Commissioner

On behalf of the Office of Adult Education and the Technical College System of Georgia, I welcome you to the 2022 Outstanding Adult Education Teacher of the Year Recognition Ceremony! Abraham Lincoln once said, "Commitment is what transforms a promise into a reality... Commitment is the stuff character is made of; the power to change the face of things." It gives me great pleasure to celebrate the 2022 Adult Education Teacher of the Year nominees as they represent the very essence of what we do in Adult Education – changing our local communities to foster literacy and economic prosperity.

It is an honor to celebrate these passionate educators who provide instruction in English language, Adult Basic Education, Adult Secondary Education, and Citizenship. They each work tirelessly to provide ongoing encouragement, a supportive learning environment (both in person and digitally!), and demonstrate what it means to have an unwavering commitment to excellence for ALL students. I am so proud of them and their contribution to the field of Adult Education.

Sincerely,

Dr. Cayanna Good  
Assistant Commissioner  
of Adult Education
